August 6, 2012

To the HBEX Board of Directors,

Re: Request for Stakeholder Feedback-Qualified Health Plans

One LA, an LA County organization made up of 60 member institutions (including synagogues, churches, schools and civic organizations) representing thousands of people, is deeply invested in the work of ensuring that health care is transparent, accessible and affordable for individuals, small business owners and small business employees in California. We have identified many interest areas within the jurisdiction of HBEX including ensuring consistency year-to-year in health insurance policies for small business employees, owners, and individuals; health care policies that individuals and families can actually pay for; an essential benefits package that is comprehensive and affordable; transparent policies.

We recognize the HBEX website specifies today, August 6, 2012 as the deadline for input on Qualified Health Plans. We want to inform you of our intent to raise these issues in a timely manner with Secretary Dooley and other staff members at our assembly on September 6, 2012. Please add our organization to the list of stakeholders. We can be reached at:

Samuel Chu, One LA Board Chair
Skip Koenig, One LA Health Strategy Team Chair
