**Pediatric Dental EHB Notes (only applicable to the pediatric portion of the Children's Dental Plan and Family Dental Plan)**

- 1) Cost sharing payments made by each individual child for in-network covered services accrue to the child's out-of-pocket maximum. Once the child's individual out-of-pocket maximum has been reached, the plan pays all costs for covered services for that child.
- 2) In a plan with two or more children, cost sharing payments made by each individual child for in-network covered services contribute to the family out-of-pocket maximum.
- 3) Administration of these plan designs must comply with requirements of the pediatric dental EHB benchmark plan, including coverage of services in circumstances of medical necessity as defined in the Early Periodic Screening, Diagnosis and Treatment (EPSDT) benefit.
