EXECUTIVE DIRECTOR’S REPORT
Peter V. Lee, Executive Director | January 18, 2018 Board Meeting
ANNOUNCEMENT OF CLOSED SESSION
IN MEMORIAM AND APPRECIATION FOR MAYOR OF SAN FRANCISCO, ED LEE
(MAY 5, 1952 - DEC. 12, 2017)
COVERED CALIFORNIA BOARD CALENDAR: 2018

- February (no meeting)
- March 15
- April 24 (possibly no meeting) (Tuesday)
- May 17
- June 14
- July 19 (possibly no meeting)
- August 16
- September 13 (possibly no meeting)
- October 11
- November 8
- December 13 (possibly no meeting)
MEETING OVERVIEW

• Executive Director’s Report
  o Open Enrollment Update
  o Federal Policy Update

• Covered California Policy and Action Items
  Discussion
  o Proposed Standard Benefit Design
  o 2019 Qualified Health Plan Certification Policy

  Action
  o Covered California for Small Business (CCSB) Eligibility and Enrollment Emergency Regulations Readoption and Permanent Rulemaking Authorization
OPEN ENROLLMENT UPDATE
2018 OPEN ENROLLMENT: PROGRESS FOR NEW SIGN UPS

220,000

Individuals have selected health care plans as of December 15, 2017

Note: Stay tuned for release of enrollment figures on January 22, 2018.
2017 RENEWALS

1.2 million

Individuals went through renewal. Approximately 43% actively renewed.

Renewal rate very similar to 2017.

10:30 am on January 31, 2018
A new Covered California analysis provides a brief summary of what occurred in 2018 and an overview of the potential impacts for 2019, along with a review of some of the major mitigating policies that could be adopted:

- Issuers and states faced considerable challenges in 2018 due to federal policy changes and uncertainty (e.g., the removal of direct federal cost-sharing reduction funding).

- Reduced marketing and outreach for the federally-facilitated marketplace began in the final week of Open Enrollment 2017 and has continued into Open Enrollment 2018.

- The 2019 plan year has the potential to be just as uncertain and volatile as 2018 due to major policies changes that include:
  
  - The removal of the individual mandate tax penalty;
  - The potential continuation of reduced marketing spending for the federal marketplace; and
  - Implementation of association health plans and short-term, limited-duration plans.

- Statewide average premium increases in 2019, absent federal policies to stabilize these markets, could range from 15 to 30 percent, but could be higher for some carriers.

- Action on three federal policy options in early 2018 could significantly mitigate the potential 2019 rate increases:
  1. Funding state-based invisible high-risk pools or reinsurance programs
  2. Restoring marketing and outreach funding
  3. Reinstating the health insurance tax “holiday” for 2019

PREMIUM INCREASES DIRECTLY IMPACT THE 6 MILLION AMERICANS WHO DO NOT RECEIVE SUBSIDIES

Total individual market of 15 million people

Who are the unsubsidized:
- Unsubsidized consumers have an estimated median income of $75,000, compared to an estimated median income of $66,000 for all individuals aged 19 to 64.
- Most are NOT high income individuals and the existing premiums are struggle for many

Reduced marketing and outreach for states served by the federally-facilitated marketplace began in the final week of Open Enrollment 2017 and continued into Open Enrollment 2018.

Total enrollment in the federally-facilitated marketplace (FFM) in 2018 closed with 8.7 million, down 5 percent compared to 2017, and representing a 9 percent decline from the 2016 level.

It is likely the declines in enrollment “off-exchange” were even larger, since those populations felt the full brunt of high premium increases, while for 2018 those receiving subsidies experienced on average premium decreases.

To the extent a risk pool is shrinking, it is very likely to be getting “less healthy” and more expensive for all those insured, especially for the 6 million unsubsidized individuals who do not receive the Advanced Premium Tax Credit to offset the premium increases.

### Annual Enrollment: FFM and Covered California – 2015 to 2018

PREMIUM INCREASE DRIVERS FOR 2019

Estimates reflect potential state average increases; some states and individual carriers could be higher or lower. Premium estimates reflect gross premiums and would be fully born by the 6 million Americans who do not receive subsidies. For those who receive subsidies, premium increases would likely be far less.

Covered California survey research has found that exposure to news and advertising were BOTH associated with a high rate of discussing health insurance with friends and family, thinking about purchasing insurance, or looking for more information on CoveredCA.com.

Health Care Press Coverage
2017 Enrollment Period vs. 2018 Enrollment Period

Prepared for Covered California
January 22, 2018
Key Findings

When looking at October 1 - December 15th Year-over-Year (2016 vs. 2017), coverage volumes, total impressions were higher in 2017.

While Trump’s actions drove news nationally and locally - that news spurred calls to action for enrollment in media markets across the nation.

Coverage of ‘enrollment,’ ‘enrollment period’ and ‘deadline’ increased by 53%, 125% and 129%, respectively, Year-over-Year.

• When comparing it to full OE4 (through January 31, 2017), coverage of the phrase ‘enrollment period’ was higher in OE5 coverage, despite the shorter time period.
National coverage: When looking at October 1 - December 15th Year-over-Year (2016 vs. 2017), coverage volumes, total impressions and social shares were higher in 2017.

Coverage Volume Overall OE4 Enrollment

- Total Volume: 120,476
- Total Impressions: 304,035,831,421
- Total Social Shares (Amplifications): 11,802,057

Coverage Volume Overall OE5 Enrollment

- Total Volume: 141,040
- Total Impressions: 354,920,648,539
- Total Social Shares (Amplifications): 12,281,738

Source: TrendKite

N= 247,177 to-date as of January 11, 2018
National coverage: GOP efforts to repeal the ACA drove news in both 2016 and 2017

- While national news focused efforts on Trump and Congress, local publications (e.g., WSPA, STLtoday, Miami Herald, etc.,) focused on what changes meant to local residents and reminded their readers of the enrollment deadline

Source: TrendKite
### National articles about potential repeal or the national political debate on health care drove impressions (awareness) during both respective enrollment periods

* Volume of coverage = the number of articles appearing during the timeframe that fit the criteria of the established search string.
** Impressions = the number of viewers of a piece of content. Calculated using unique monthly visitors. Monthly unique visitors are determined by tracking first-time visitors to a site over a 30-day period.
National Coverage: Core terms intrinsic to enrollment increased dramatically during the 2018 open-enrollment period.

**Impact is an estimate of the awareness and engagement generated by an article**
Key topic coverage includes English language coverage only
Objective & Methodology

Ogilvy was commissioned by Covered California to develop a report on national media amplification of ACA enrollment coverage during the respective 2017 and 2018 enrollment periods.

Topic:
• Enrollment in the ACA, or Obamacare

Timeframe:
• October 1, 2016 - Present
  • October 1, 2016 - December 15, 2016
  • October 1, 2016 - January 31, 2017
  • December 16, 2016 - January 31, 2017
  • October 1, 2017 - December 15, 2017
  • October 1, 2017 - Present

Sources:
• TrendKite, a media monitoring platform

Channels:
• Online versions of traditional news outlets, online news and broadcasts news, where available (excluding radio, social media and pay walled content)

Market:
• U.S. coverage for all markets nationally (Includes national publications like the New York Times, as well as local publications such as the Cleveland Plains Dealer and Miami Herald, etc.)

Languages:
• English
• Spanish

Questions:
• How did the overall media environment around ACA enrollment change YoY?
• How did media coverage specifically of the ACA change YoY?

Search String:
• ("obamacare" OR "ACA" OR "affordable care act" OR "trumpcare" OR "health exchange") AND ("enrollment" OR "open enrollment" OR "enroll" OR "register" OR "signup" OR "sign up" OR "get covered" OR "get America covered" OR "sign-up" OR "exchange" OR "deadline" OR "marketplace" OR "repeal and replace" OR "healthcare law" OR "save our care") OR ("obamacare" OR "ACA" OR "la Ley de Protección al Paciente y Cuidado de Salud" OR "Ley de Cuidado de Salud a Bajo Precio" OR "trumpcare" OR "AHCA" OR "seguro médico" OR "Intercambio de seguros") AND ("inscripción abierta" OR "período especial de inscripción" OR "inscribir" OR "registrarse" OR "obtener cobertura" OR "Mercado de Seguros Médicos" OR "derogar y reemplazar" OR "revocar y reemplazar" OR "save our care") AND (tk_location:"United States") NOT (tk_filter:"Press Release")

Additional Questions (to be addressed with further research):
• How has influencer engagement impacted enrollment coverage and amplification on social media?
• What is the breakout of coverage by specific regions (i.e., California, Ohio, Florida)
APPENDICES: TABLE OF CONTENTS

• Covered California for Small Business Update
• Service Channel Update
• Website Update
• Service Center Update
Current YTD Group & Membership Update (1/10/18)

- Groups: 5,037
- Members: 41,430*
- Retention: 85%
- Average group size: 8.2 members
- YTD net membership growth: 35%
- New business sales goal: 110%

Operations Update (11/30/17)

- 100% of new groups set up in 3 days or less
- 100% of new groups sent initial invoice in 3 days or less
- 99.7% of account maintenance transactions completed in 3 days or less

*Membership Reconciled to 1/10/18

CALHEERS UPDATES

• CalHEERS deployed Release 17.12 on December 18, 2017, which included the following features:
  o Updates to allow the production of 2017 Consumer tax forms (1095’s)
  o Providing consumers the ability to retrieve their tax forms from a direct link on their homepage

• The next release of CalHEERS, Release 18.2, is planned for February 12, 2018 and will include the following features:
  o Implementation of features to allow Insurance Agencies to assist consumers and manage business for multiple Agents within their group
  o Improvements for consumers transitioning from Medi-Cal
  o Generating a Carrier 834 performance metrics report to track issuer contractual timeliness and accuracy
  o Updating password and account security questions to improve the user experience
OTHER TECHNOLOGY UPDATES

• Enhancements planned for the CoveredCA.com website:
  o Continue to work on updating analytics and tagging strategy for CoveredCA.com to give greater insight into the consumer journey online. We will use this data to fine-tune CoveredCA.com to ensure consumers are able to find the information they need as efficiently as possible
  o Continue to work on implementing a Content Management System for CoveredCA.com to allow designated staff to make their own timely content updates to their sections of the website

• Service Center transition project:
  o Original systems on standby since transition are on track to be officially closed down on 1/31/2018
  o Voice services and Interactive Voice Recognition (IVR) and self-service dropped to 99.5% uptime for the month of December due to one (1) regional incident impacting network connectivity
  o Stabilization of the Workflow Management (WFM) and Quality Management (QM) applications continues with analysis of performance and availability issues for these services
SERVICE CENTER UPDATE

• Improving Customer Service
  o Began voluntary and mandatory overtime effective December, 2017
  o Extended hours of operation through February 3, 2018
  o Released Virtual Assistant/ChatBot request for proposal week of January 13, 2018
  o Singled skilled Asian languages staff to improve consumer journey
  o Started 1095 form printing and mailing of tax year 2017 notices on January 2, 2018
  o New Interactive Voice Response messaging to inform consumers how to access their 1095 form(s)
  o Provided 1095 refresher training to all staff

• Enhancing Technology Solutions
  o Implemented Service Center Dashboard in partnership with Information Technology team for the WFM and Operations team
  o Implemented improvements to the Interactive Voice Response

• Staffing Updates
  o Vacancy rate down to less than 10 percent (2017) from 19 percent (2016), a reduction of almost 9 percent
  o Surge vendor fully staffed at 600
Comparing December 2017 vs. 2016 Call Statistics

<table>
<thead>
<tr>
<th>Year</th>
<th>Calls to IVR</th>
<th>Calls Offered to SCR</th>
<th>Abandoned %</th>
<th>Calls Handled</th>
<th>ASA</th>
<th>AHT</th>
<th>Service Level %</th>
</tr>
</thead>
<tbody>
<tr>
<td>2017</td>
<td>932,454</td>
<td>413,491</td>
<td>16.69%</td>
<td>338,694</td>

</tbody>
</table>

• While the total number of calls offered decreased from 2016 by 2%, the average handle time increased by 9%. This resulted in a net increase in total call workload of approximately 7% from 2016 to 2017 for the month of December.
• A total of 14,968 additional calls potentially could have been handled the month of December 2017, if our Average Handle Time was comparable to December 2016 (based on call arrival patterns)
QUICK SORT VOLUMES

Quick Sort refers to the calculator tool used to determine if a consumer is eligible for CoveredCA or should be referred to Medi-Cal. The tool also determines which consortia the consumer should be referred. This volume represents the total of those transfers.
