Dear Mr. Lee:

Thank you so much for your thoughtful letter and two face masks. We have been wearing masks and shelterd-in-place since March 11th…like to think we were trend-setters!

I've been after my husband to purchase additional masks for him; I have quite a wardrobe of face masks to choose from. The timing of your two face masks is perfect, and we will surely join you in asking ALL Californians to "mask up, wash their hands frequently and keep their distance!"

Thank you again for the masks…greatly appreciated!

Wishing you and your family a healthy and happy holiday season, and better new beginnings in 2021!
Joyce Scardina Becker
