Hello,

Thank you for the updates on the 1/18/24 Board Meeting Webinar.

I'm a bit confused by the "Medi-Cal Transitioner Profile" posted on the Covered California website. Can you please clarify...

- Per the "Monthly KPI" tab it states...
  - 1,219,842 are transition eligible
  - 243,112 have transitioned with plan selection
  - 228,148 had auto plan selections
  - 37,693 effectuated coverage after auto plan selection.
- **Is it correct interpretation to say that a total of 508,953 have transitioned from Medi-Cal and now actively have Covered CA plan?**

Thank you.

Jason.
